Subject: FW: DRAFT - South 4 Group Fire - Census Info

Patrick,
Good morning Sir,
Here's the census information; but I'd also caveat that the estimated population according to the local authority
indicated approximately 46,000 persons in the 4 mile radius evacuation zone.

Will begin sending data over this morning.

Thanks
Adam

Spoke with Cook about population info. They don't have a layer to apply that pinpoints that info. Did a census search for
Jefferson County, and attached a spreadsheet with population info for the area. Let me know if this will work.
